

# HOSE & FITTINGS

**We have special application hoses for:**

- **Chemical Manufacturing**
- **Processing**
- **Food Processing**
- **Pharmaceuticals**
- **Tank Truck Transfer**
- **Electronics**
- **Semiconductor**
- **Cosmetics**
- **High Performance Racing**
- **Petrochemicals**
- **and many others**

We are a leading supplier of Flexible Fluoroplastic/Fluoropolymer Hose and Tubing products. As a supplier of Seamless Convolute Hoses and special applications, we offer products to a wide variety of customers around the world. We supply PTFE, FEP, PFA, ETFE, PVDF (Kynar®), Halar® and many other special application hoses. We at GOLDSTEIN-SCHWARTZ provide specialty braiding capabilities which include stainless steel, PEEK™, KEVLAR®, Kynar®, Nomex® and polypropylene. GOLDSTEIN-SCHWARTZ also offers a wide range of fittings; from standard pipe fittings to sanitary fittings, from exotic alloys to standard carbon steel, stainless, and brass.

### Non-Metallic & Coated Fittings

Non-Metallic Fittings

Kynar<sup>®</sup>  
Halar<sup>®</sup>  
Polypropylene

Coated Fittings

Halar<sup>®</sup>

### FLARE THRU Assemblies

**GOLDSTEIN-SCHWARTZ** FLARE THRU utilizes the latest technology to achieve absolute cleanability and non-metallic contact for your product. These chemical resistant, high purity assemblies are caustic cleanable and meet Pharmacopoeia Class VI standards. Flare-Seal assemblies are available with Flanged Ends, Sanitary Tri-Clamp, or Cam & Groove connections.
